

SimplStor

SimplStor NVMe - Up to 3x increase in performance!

SimplStor Model	Capacity*	Storage Controllers	# of Drives	Disk Drive	Memory
SimplStor NVMe	720TB	Single	8, 16, or 24 2.5" Drive Bays	NVMe	Up to 6TB

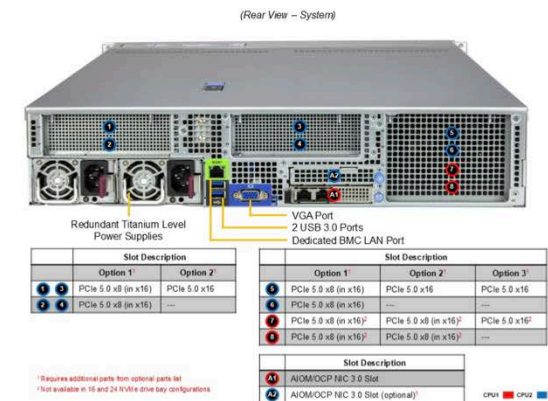

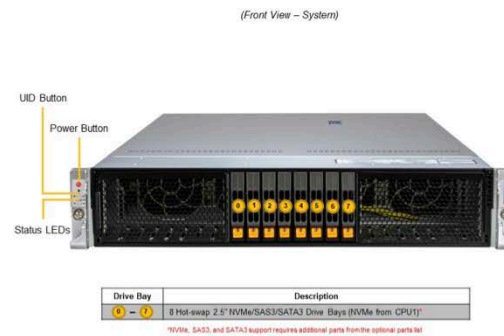

Server - Configuration includes (2) M.2 NVMe drives for OS and up to (24) data drives

Performance Metrics

2U Hyper with 8, 16, or 24 hot-swap 2.5" NVMe/SAS/SATA bays and 4 PCIe 5.0 x16 slots + up to 2 PCIe 5.0 x16 AIOM slots

Key Features

- 24/7 365 SimplSupport with SimplStat Monitoring
- Dual Intel® Xeon® 6900-Series Processors with P-cores up to 500W
- Up to 24 DIMMs supporting up to 6TB DDR5
- Optional PCIe slot configurations up to 8 PCIe 5.0 x8 or 4 PCIe 5.0 x16 slots
- Support for double-width GPU/Accelerator cards
- 8/16/24 x 2.5" hot-swap NVMe drive bays
- 2x internal M.2 NVMe drive slots for OS
- Optional RAID support via storage add-on card
- Up to 3x Performance Upgrade
